Security Combination Lock Pro, Single

Combination lock with 4-digit number code

A notebook can be stolen in an instant. Expensive hardware and important data are lost. This can also involve a lot of work and great expense. Police, insurance, data recovery etc. Targeted prevention is the answer. With a quality lock from DICOTA. Easy, convenient and effective. Ideal for use in the office, in cars or in hotels.

This DICOTA lock works without a key and fits almost all standard lock slots. Notebooks, projectors, printers and monitors can be effectively secured. With a length of 200cm. The 4-digit combination allows you to set your individual number code and up to 10,000 possible number combinations ensure the necessary security.
